Working Student Job Quality Assurance (QA) / Software Testing (f/m)

The COBI Software Team is seeking an energetic, high-flying and fun student who enjoys moving things forward, aims to ensure product and quality control at COBI is up to standard and to support us in finding ways to enhance efficiency and results of our testing routines.

What connects us is a passion for cycling, digital technology and good design as well as the desire to try out new things and always question the status quo. We want to make a difference and put ourselves at the forefront of a new movement.

COBI has established a brand new market segment, of which we are the leader. Our partners value this and want to take advantage of this. All of our marketing activities are aimed at making COBI touchable and tangible. We scrutinize every action to ensure that it delivers the COBI experience – whether by trying it out, listening to experiences from others or from a trusted partner. The user, rather than technology, is our key priority.

The ideal candidate will have a great passion for COBI and for biking and execute all activities with respect to the COBI brand strategy. Position is located in Frankfurt/Main, Germany.

Primary Responsibilities:

- Smoke testing of iOS and Android COBI application
- Regression testing
- Compatibility testing with Android mobile phones
- Test rides with COBI system (Experience testing)
- General support of SW QA (Test team)
-

Requirements:

- Be available for 3-5 days a week
- Preferred if he/she is biking on a regular basis
- Basic knowledge of iOS and Android mobile OS would be helpful
- Fluent English skills
